

# Using the W10683603CM for replacing the W11210459, W10683603, and W11205048

## Instructions

- To replace **W11210459** - nothing is required, discard the jumper cable and ziptie.
- To replace **W10683603** - use the jumper harness, discard the ziptie.
- To replace **W11205048** - there are two harnesses tied to this valve. Carefully cut loose the zip tied harness. Re-attach to the new valve the existing harness and the valve harness using the new ziptie included with this kit. Use the jumper adapter to adapt the valve harness.
